

FOREST SCHOOL NEWSLETTER

JANUARY

The children enjoyed making tracks in the snow and identifying different shapes and letters we marked on the ground.

This month the children have kickstarted their gardening activities with sowing garlic bulbs.

JANUARY

The children also had a great time exploring the crunchy bark on the ground and ice blocks from the frozen pond. Their favourite activity was smashing the ice with the stubby hammer.

The babies have been continuing to explore in Forest School, they enjoy lots of sensory elements including water play and pushing their hands in the bark and compost
