APRIL

The children have been doing lots of role play in the wooded area. They have been constructing their own dens in the lower branches of the trees with blankets and cushions and boxes.

Babies had a go at making some clay crafts this month using natural materials foraged from the Forest School area.

APRIL

This month some of the preschoolers took a trip to harborne walkway. They did lots of splashing in the stream and took a great big adventure across the bog, over the tree branch bridge.

The preschoolers in particular have been enjoying looking at their nature books and identifying different species of birds and bugs.
