SIBLING DISCOUNT
Where two siblings attend the school simultaneously, or the school and Norfolk House Nursery simultaneously, the fee for the younger child will be discounted by 7%. Where more than two siblings attend the school simultaneously, or the school and Norfolk House Nursery simultaneously, the fee for the youngest child will be discounted by 7%, but whether and to what extent any further discount should apply will be determined by the Headmistress in the exercise of her absolute discretion. Where a child's fees are subject to reductions in the form of the sibling discount and any type of award (for example, a scholarship), each reduction shall be calculated by reference to the gross termly fee in full.

CHILDCARE VOUCHERS
Childcare vouchers are an employee benefit for all eligible working parents of children. They are a government approved, tax-efficient way of paying for childcare. They may be used towards the payment of fees for terms which commence before a child reaches the age of five, and for care provided outside school hours in certain circumstances. The school does not have any contractual relationship with the company which issues the vouchers or the parent’s employer which would enable it to enforce payment. It is therefore the responsibility of parents to ensure that voucher payments reach the school in accordance with its terms and conditions.

Please see the School's Terms and Conditions for further information about the payment of Fees and extras. A copy is available on the school's website or by following this link:
